

## Physio Pads

**Large and small.** The small one covers half of the back and is also helpful for hip, shoulder, leg and chest pain. The large one covers most of the back and is popular with health care professionals in their clinics. Both sizes provide temporary relief of back pain and comfort and warmth on cold winter nights.

**Code:** PPS (small)  
**Size:** 390mm x 300mm  
**Weight:** 1.5kg

**Code:** PPL (large)  
**Size:** 470mm x 350mm  
**Weight:** 2.5kg

## Therapeutic Collars

**In two sizes** which sit comfortably on shoulders and fit entirely around shoulder area. Can be used while walking, bending, working and exercising.

**Code:** TCS (small) TCL (large)  
**Size:** Neck 330mm Neck 400mm  
**Weight:** 1.2kg 1.6kg

## Eye Zone Pack

Very helpful for headache and migraine sufferers. Use hot or cold. Very relaxing and comforting for sore eyes from tiredness, computer screen glare, driving, use of contact lenses, salt from pools or the surf. Use when a light weight pack is required anywhere on the body or for children, the elderly or after surgery. If stored in the freezer in a tied plastic bag you will always have a cold pack ready for injuries, headaches from over indulgence, accidents or to help reduce body temperature from fever or heat stress.

**Code:** EZP  
**Size:** 250mm x 100mm  
**Weight:** 0.32kg

## Hand Glove

Suitable for the management of pain from hand injuries, symptoms of arthritis, stiff fingers and Raynaud's phenomenon. Covers hand and wrist comfortably. Good for those suffering from poor circulation and cold hands.

**Code:** HG  
**Size:** 270mm x 170mm  
**Weight:** 0.86kg

## Slippers

**Two sizes.** Not made for walking around in but these will be very useful for those with aching feet, poor circulation and cold feet. Able to be worn to bed with socks over the top. Also useful straight from the freezer in summer to reduce swelling in feet. Consult your doctor first if you are suffering from poor circulation.

**Code:** SP SPL  
**Size:** 280mm x 170mm 320mm x 190mm  
**Weight:** 0.713kg each 1kg each

## Rapid Relief™ BOTANICAL RANGE

### Rapid Relief Balm

Contains peppermint, rosemary, ginger, clove bud, wintergreen, cajeput and nutmeg oils, blended to a beautiful balm in beeswax. When applied to the skin and used with a Heat Wheat® product, there is rapid relief from muscular aches and pains, cramps or spasms. Especially useful for treating the symptoms of arthritis and rheumatism. AUST L 78058

### Rapid Relief Spray

We have developed a botanical spray, containing only natural ingredients. The combination of these ingredients has recently been recorded by the World Health Organisation to be as effective as paracetamol in relieving pain, without the likely reflex numbing, or organ damage from taking drugs. The pain reducing effect is very speedy, without the waiting time for drugs to enter the blood stream before any benefit is felt. AUST L 155972

**Code:** RRBS RRBL RRSF  
**Size:** 100g jar 165g jar 10mL

## Beware of Imitations

**Australian grown. Australian owned.** The original products supplied to the Medical Profession, Therapists and Pharmacies since 1992.

Heat Wheat® International Pty Ltd is the originating company of wheat filled hot and cold packs in the world.

Our products have such a good reputation for usefulness and long life because of the treatment we give to the wheat. All of the wheat we use is especially treated by our ULTRASHIELD™ process to ensure it is free from weevils, chemicals, allergenic dust and will not start growing from moisture created during heating, or go mouldy.

Do not confuse products that do not contain processed wheat with ours and beware of products trying to imitate Heat Wheat®. We give a 2 year manufacturer's warranty with our products, setting them apart in the market place. You will find your warranty card included in with the product.

Heat Wheat® Products are listed on the TGA Register of Therapeutic Goods in Australia (ARTG 92379) and similar Government Regulatory bodies overseas.

We know you will love your Heat Wheat product, everyone does!
